Skills

TECHNICAL SKILLS

- Security assessments & risk analysis
- Penetration testing (Kali, Metasploit, Nmap)
- Linux system administration
- Networking fundamentals
- Secure coding awareness

PROFESSIONAL SKILLS

- Technical communication
- Project coordination
- Stakeholder collaboration

Education

Spring 2026

Østfold University College, Halden – *‘Part-time Student’*

- Retaking two subjects whilst I am applying for jobs and/or preparing for continuing my studies with a masters programme.

Graduated 2025

Østfold University College, Halden – *‘Bachelor's degree in Computer Science – Design and Development of IT Systems’*. **Average Grade: C (30.63 points)**

- Bachelor's Thesis: **Risk and Vulnerability Analysis for Tilt.work. Grade Awarded: B.**
 - **Pentesting and offensive security techniques.** Applying ethical hacking methodologies to identify vulnerabilities in real-world systems. Using tools like Metasploit and Nmap to simulate attacks, analyze system weaknesses, and propose defensive countermeasures, showcasing my ability to think like an attacker to improve overall system security.
- Specialized in **cybersecurity and network management**, gaining in-depth knowledge of securing systems against cyber threats.

- Comprehensive skills in **programming and software development**, mastering multiple languages and development methodologies.
- Solid understanding of **algorithms and data structures**, focusing on efficient problem-solving and optimized software solutions.
- Expertise in **database systems**, including the design, implementation, and management of large-scale databases.
- Proficiency in **web development**, with hands-on experience in both frontend and backend technologies.
- Conducted **systems analysis and design**, effectively translating business requirements into technical solutions.

August 2018 - September 2018

European Bartender School, London - *'International and Advanced Bartender Course'*

- Completed intensive training and assessment sessions, achieving **certification from the World Flair Association**. Worked as a Bartender in London afterwards (see Experience).

Graduated May 2018

Blindern VGS, Oslo - *'International Baccalaureate'*

- Completed the **International Baccalaureate (IB)** Diploma Programme with the subjects History, Physics, Biology, Global Politics, English, Norwegian, Mathematics and Theory of Knowledge.
 - Enhanced my **analytical and writing skills** through subjects such as Theory of Knowledge (TOK), which challenged me to question assumptions and build well-reasoned arguments. This experience improved my ability to communicate complex ideas clearly and critically evaluate diverse viewpoints.
 - As part of the **Creativity, Activity, Service (CAS)** requirement, I engaged in a variety of extracurricular and volunteer activities like being a youth leader at my local church and sports such as Archery and Fencing.

Experience

March 22nd - March 23rd 2024

Kongsberg Cyber Security Centre CTF, Halden - *'2nd Place Contestant'*

- **Worked in a team** to compete in a CTF organized by Kongsberg Cyber Security Centre
- Focused primarily on **OSINT and forensics** style tasks for the team
- Earned valuable **experience from a market leader** in the Norwegian Cyber Security Space.

January 2024 - May 2024

Tilt.Work AS, Oslo - *'InfoSec Consultant'*

- Conducted **risk and vulnerability analysis** of production systems
- Performed **penetration testing** using Kali Linux tools
- **Communicated security findings** to non-technical stakeholders

June 2019 - August 2019

TGI Fridays, Oslo - *'Bartender'*

- Demonstrated the ability to **work productively and seamlessly** within a highly regulated corporate environment.
- Learned the differences between working in the service industry under different **national laws**.

January 2019 - June 2019

Tanner Co, Tanner & Co, London - *'Bartender'*

- Proved that I **work effectively under pressure**.
- Started **training to be a manager**, but left to start my studies in Norway.

October 2018 - January 2019

Tanner Co, Banking Hall, London - *'Event Staff/Bartender'*

- Learned how to **handle stressful work environments**; Banking Halls regularly hosts events with 900+ Pax.
- **Invented**, prepped and mixed batch cocktails for **large corporate parties**.

Volunteer and Community Work

August 2019 - Current

Imperial Black Legion, Online - *'Staff, Technical Lead, System Administrator'*

- Lead development team **responsible for custom software and server infrastructure**.
- Manage **Linux servers** and integrated third-party systems.
- Coordinate projects, delegate tasks, and ensure **operational stability**.
- Identify and **mitigate security risks** (abuse, exploits, DDoS).
- Work with an **international community** (~750 members).
- Perfect **collaboration and communication skills**, working closely with development teams and players from across the world.

January 2025 - January 2026

ENIGMA, Halden - *'Operations Manager'*

- Oversaw day-to-day operations, including **technical infrastructure, internal systems, and logistical planning** for events and academic activities.
- Coordinated cross-functional teams, managed schedules and responsibilities, and **ensured continuity during leadership transitions**.
- Improved operational structure through **documentation, process standardization**, and close collaboration with board members and technical leads.

January 2024 - January 2025

Sikkerhetssonen (Cybersecurity club), Halden - *'Deputy Leader / Security Coordinator'*

- Contributed to the **planning and operation** of a student-led cybersecurity and CTF club, focusing on technical activities, member engagement, and knowledge sharing.
- Assisted in **organizing workshops, competitions, and training sessions** related to information security, offensive security, and practical security tooling.
- Supported club leadership through **coordination, technical input, and mentoring**, helping establish structure, continuity, and a collaborative learning environment.

July 2014 - July 2020

Bekkelaget and Ormøy Parish, Oslo – *Volunteer Youth Leader, Camp Organizer*

- Led monthly youth group sessions, creating and delivering **activities and discussions** focused on personal growth, leadership, and community service.
- Acted as a **mentor** for young people, providing guidance, support, and a safe space for them to explore their values and develop confidence.
- Organized and participated in **community outreach projects**, seeking to foster a sense of responsibility and collaboration among youth members.
- Developed skills in **event planning, public speaking, and conflict resolution**.
- **Organized and managed** confirmation summer camps with up to 100+ teenagers 3 years in a row.
